General Comment

Too much regulation!!

I ditto the sentiments of another gentleman, "This new level of regulatory confiscatory control is not meant to prevent individual financial malfeasance, it is meant to provide another opportunity to collect fees and tariffs that are to be "needed" to implement these new regulations and the staffing required for their enforcement."

Stay out of our savings accounts, 401Ks, and all personal financial accounts. We need our governing leaders to focus on protecting the lives of Americans and let Americans control their financial affairs.

Senators, Congress and Mr. President, please take note of the outcry from the people. Leave our 401ks alone!!
